

THE FIRE ZONE

Version 7

All New
Version!

Preplans and Post-Incident Critique Diagrams Now easier and faster than ever!

- ▶ **Easy to Learn!** Draw complex building floor plans - just select the building shape and enter the wall lengths. Other toolboxes let you quickly draw streets and intersections with just a few mouse clicks!
- ▶ **Faster!** Pre-drawn symbols and intersection templates make drawing faster than ever! Create your own symbols too! 60+ line types for drawing fences, power lines, rxx tracks, hoses, etc.
- ▶ **More Powerful!** New features let you draw 3D roofs and 3D surfaces (3D Viewer available separately). Place symbols on slopes and assign exact heights. Investigators can easily show charring and evidence on walls or other vertical surfaces!
- ▶ **More Compatible!** Import map files or floorplans from AutoCAD and other CAD programs! Get drawings from your Building Department! Works with The Pocket Zone for taking measurements with your Pocket PC!
- ▶ **Better Than Ever!** New toolboxes, easier and faster to use! Automatic dimensioning in Easy Builder toolbox for fast floorplans. More 2D & 3D symbols and a new Symbol Manager lets you find them faster! New 3D Roof Builder!

More Powerful 3D!

Create your diagram in 2D and click one button to view it in 3D! Easily view the scene from any vantage point and even do "walk-throughs." Use special drawing tools to automatically place doors, windows and openings on any story. Ideal for investigation and post-incident critique diagrams!
3D Viewer available separately.

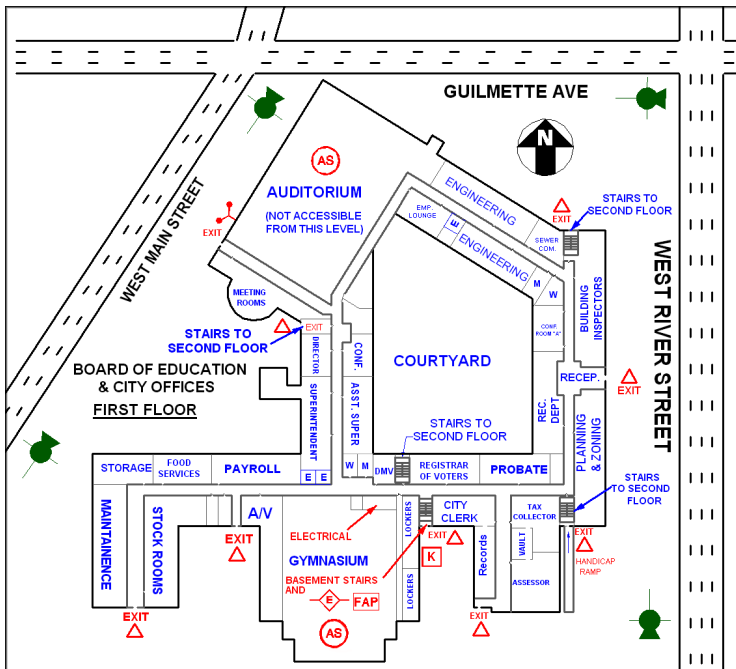

New and Improved Features!

- ▶ **Improved Symbol Manager** - Find symbols faster; change symbol color, size & rotation all in one step!
- ▶ **New Doors & Windows Toolbox** - Quickly place doors and windows of any size and automatically break an opening in the wall. Works in 2D & 3D!
- ▶ **Ideal for touch screens** - New commands allow drawing without a keyboard! Great for mobile computers!
- ▶ **New 3D Roof Builder** - Just point and click to add roofs to your 3D buildings! Size it to fit any building!

Fire Zone 2D costs just \$399

Fire Zone with 3D, just \$699

Here's what others have to say about **THE FIREZONE** with the 3D Viewer!

Battalion Chief Brian Johnson, Clark County (WA) Fire District 6, Fire Zone and First Look Pro users since 1999:

"I'm very passionate about the value of pre-fire planning and the life safety aspect of it. The more we know about building construction - the better firefighters we are. The more we know about the specific hazards faced in each occupancy - the better job I can do to ensure the safety of my whole crew."

Greg South, Newtown (PA) says:

"Always imitated, but never duplicated - your software keeps getting better!"

"Despite the other diagram software on the market, yours can't be beat! Thanks for keeping it simple and easy to use."

Cpt. Chris Nelson, Wilmington F.D. (NC):

"We have been using The Fire Zone and First Look Pro for a couple of years now, and I can honestly say both are essential to our preplanning efforts. First Look Pro is hands down the best preplan program I have seen.

Thanks for a great product that definitely has firefighters in mind."

Lt. Val Codino, Canby FD (OR):

"It's all about saving lives and The Fire Zone helps us do it. Fire Zone allows us to quickly draw detailed pre-fire plans that show the critical information we need to safely do our jobs."

Mike Wykoff, Jackson Twp F.D. (OH):

"I've been using Fire Zone for 6 years and would not consider any other diagramming program! Your product is very easy to use with little learning curve. Keep up the great work!"

Robert Tyminski, Selfridge Air Guard (MI):

"I have been using it now for over 7 years. This software is the best way to turn out quality pre-fire plans!"

Battalion Chief Ralph Catlett, Valdosta F.D. (GA):

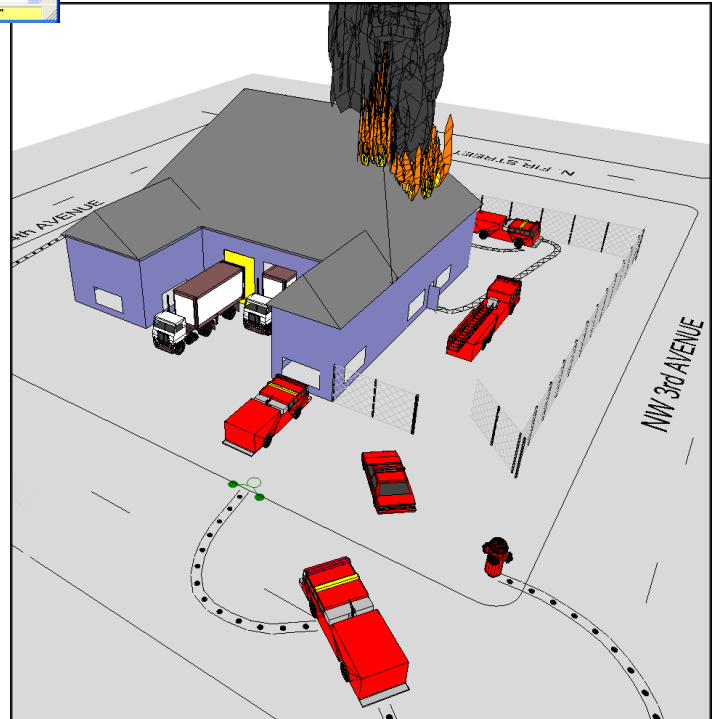

"I started using The Fire Zone some 5 years ago and I have found it to be the easiest program for drawing pre-fire plans."

Mike Stone, Fairlawn F.D. (OH):

"I have been using The Fire Zone since 1996 and I think it is the best one on the market. Great Job!"

Chief Rachel Goodwin, Livingston Parish F.P.D. (LA):

"We really love your program and have used it since 1998. I recommend it all the time to other fire districts."
