SPEEDCAPTURE APP

"WE HAVE AN APP FOR THAT!"

The TruSpeed® Sx laser, now with iOS and Android compatible Bluetooth®, syncs with a smartphone app to capture and store a picture of the vehicle.

LTI's SpeedCapture App collects the time, speed and distance data as well as the option to input vehicle and violation information. It embeds all this data within the photo and can either be saved to your camera roll for texting and emailing or the whole data log can be downloaded onto a PC.
